PROFESSIONAL SUMMARY

Versatile Computer Science Engineering graduate with a strong dual-competency in Web Development and Data Analytics. Adept at building responsive web applications and extracting strategic business insights through advanced data modeling and visualization. A highly motivated and hardworking professional with a proactive leadership approach, committed to delivering high-quality, scalable technical solutions.

TECHNICAL SKILLS

- **Web Development:** HTML, CSS, JavaScript, React.
- **Data Analytics & BI:** Data Security, Data Visualization, Power BI, Python (Pandas, NumPy, Scikit-Learn, Matplotlib, Seaborn, machine learning, deep learning).
- **Databases:** MySQL, MongoDB, PostgreSQL.
- **Languages & Proficiency:** Python (Advanced), SQL (Advanced).
- **Developer Tools:** Jupyter, Git, GitHub, VS Code, PyCharm.
- **Soft Skills:** Leadership, Motivated, Hardworking, Collaborative Problem-Solving.
- **Framework:** Django, flask

PROFESSIONAL EXPERIENCE

Octane Cyber Safe Pvt Ltd

Feb 2026 – Present

Data Analytics Intern

- Spearheaded end-to-end data processing, including cleaning, transformation, and structural loading to analyze cybersecurity metrics.
- Executed complex SQL queries and Python scripts to interpret transactional data, identifying system optimizations.
- Collaborated on internal analytical reports to drive strategic decision-making and operational efficiency.

IIT Ropar

Past/Contract

MERN Stack Intern

- Architected and maintained semi-structured databases using MongoDB, ensuring data integrity for web-based applications.
- Developed responsive front-end components and back-end APIs, optimizing application performance.
- Debugged complex data-flow pipelines and implemented efficient code structures.

KEY PROJECTS

Placement Analytics & Predictive Modeling

Python, Pandas, Scikit-Learn

- Performed comprehensive Exploratory Data Analysis (EDA) to identify key variables impacting recruitment.
- Engineered a machine learning model to predict placement eligibility and salary outcomes.
- Designed a dynamic web interface to showcase visualizations.

Sales Performance & Business Intelligence Dashboard

Power BI, Advanced Excel, SQL

- Built an automated ETL pipeline to extract/transform business data from MySQL databases.
- Developed an interactive Power BI dashboard tracking KPIs such as revenue growth and product performance.
- Provided data-backed recommendations to improve supply chain efficiency.

EDUCATION

Arvind Gavali College of Engineering

2026

B. Tech in Computer Science & Engineering (CGPA: 8.03)

Sadguru Gadge Maharaj College

2022

Class 12th (HSC: 66.33%)

Adarsh Vidya Mandir

2020

Class 10th (SSC: 92.80%)

CERTIFICATIONS & ACHIEVEMENTS

- **Data Analytics Simulation:** Deloitte Australia Virtual Experience (Forage).
- **NPTEL Machine Learning:** Top 5% (IIT Madras).
- **NPTEL Python for Data Science & Deep Learning:** Elite Grade (IIT Ropar).
